

## Dr Anna Hickman – Talk to GXSA 1 February 2012 – Links

### UK research vessel positions / Current expeditions

<http://noc.ac.uk/research-at-sea/research-cruises/recent-expeditions>

(this page will normally have a link to current cruise website and diary, if there is one)

### Phytoplankton

<http://earthobservatory.nasa.gov/Features/Phytoplankton/page1.php>

<http://darwinproject.mit.edu/>

### Coccolithophore blooms, Ocean Acidification

<http://www.noc.soton.ac.uk/soes/staff/tt/eh/index.html>

<http://www.oceanacidification.org.uk>

### Harmful Algal Blooms (Red Tides)

<http://www.whoi.edu/redtides/>

### DMS and copepod feeding

<http://privatewww.essex.ac.uk/~mbreck/algae%20and%20grazers.html>

### Ocean Circulation and RAPID

<http://noc.soton.ac.uk/rapidmoc/>

### Deep Sea Vents

[www.divediscover.whoi.edu](http://www.divediscover.whoi.edu)

[www.thesearethevoyages.net](http://www.thesearethevoyages.net)

### Lake Ellsworth Expedition (Antarctic Lake Exploration)

[www.ellsworth.org.uk/](http://www.ellsworth.org.uk/)

### General Climate Change Information

<http://www.nerc.ac.uk/research/issues/climatechange/>

[www.metoffice.gov.uk/climate-change](http://www.metoffice.gov.uk/climate-change)

<http://climate.nasa.gov/>
